Integration Services

Based on the A. Ager & A. Strang model (2008, updated 2019)

Rights and responsibilities

Goal

The integration customer understands and applies basic rights and responsibilities. Rights and responsibilities apply across all core areas.

2 Conditions for Integration
How we work at Integration Services

Based on the A. Ager & A. Strang model (2008, updated 2019)

Goal

The integration customer finds meeting places where two-way integration is possible and understands the rules of society. The Integration Services informs the host community about immigration and influences structures to make two-way integration possible.
