NUMBER OF RESPONDENTS: 874

The margin of error is 3 percent and therefore the answers are considered to reflect the opinions of the population in Jakobstad. (<https://sv.surveymonkey.com/mp/margin-of-error-calculator/>)

AGE RANGE OF RESPONDENTS (844 HAVE GIVEN THEIR YEAR OF BIRTH):

### BUS CONNECTION TO FÄBODA DURING THE SUMMER?

In the question of the week the residents in Jakobstad were asked if they would use a bus connection (4 € for a one-way ticket) between the town centre of Jakobstad and Fäboda (from the week after midsummer to beginning of August).

42 % of the respondents said that they would use the bus connection and 58 % said that they wouldn't.

Of the 42 % that would use the bus connection, 45 % said that they would use the bus connection three times or more per season and 55 % would use the bus connection 1–2 times.

Those who said that they would not use the bus connection had the opportunity to motivate their reply and the most common comments were:

- I'd rather take the bike. Many also suggested building a bicycle lane to Fäboda.
- I take the car instead.
- 4 euro for a one-way ticket is too expensive, especially for a family with children.
- Timetable reasons: depends on when the bus leaves, does the bus schedule fit my timetable, don't want to spend the whole day in Fäboda, too few departures if there is only one departure per day.

## LOTTERY WINNER

517 persons participated in the lottery and the winner of a roundtrip ticket to Mässkär with the Mässkär-boat has been notified via email. Congratulations to the winner Lotta Nyman!

## NEXT STEP

The town is presently negotiating further conditions regarding a possible summer bus connection from the town (market square) to Fäboda with a bus company.

The residents have asked for more than one departure a day and lower ticket prices.

Suggestions:

- The bus to Fäboda could depart twice a day in both directions.
- Bus price: 4 euro for a one-way ticket for adults and 2 euro for children 4–11 years and free for children under 4 years.
